

GradeCam Core

FOCUS ON WHAT MATTERS

GradeCam Core streamlines data-driven decision making at the school or district level freeing up time to focus on what's most important.

ADVANCED ADMINISTRATOR REPORTS

Confident Decision Making

See student and teacher specific assessment data across your school or district, then make confident decisions based on that data

More Control

Set various administrative roles as needed (roster admin, role admin, reporting admin).

HELPDESK

Autonomous Support

Provide in-house support to teachers in your school or district. This means zero downtime and quick follow-up on those urgent support requests.

Accessibility

With HelpDesk enabled by individual teachers, print and scan assignments on their behalf (ex. for days when substitutes are needed).

ADVANCED TEACHER DRILL-DOWN

Optimized PLC and Team Meetings

Customize and filter assessment data any way you want at a school or district level. Collaborate more effectively with detailed comparison data during your team meetings.

Demographic Subgroups

Quickly and easily view assessment data by school, teacher, classroom, and/or student.
